

ISRAEL FACES REAL THREATS...

...SO HOW CAN WE TRUST
PATRICK MURPHY
WHEN HIS SUPPORTERS ARE WORKING TO
WEAKEN ISRAEL?

At a time when there's so much danger and uncertainty in the Middle East, we need leaders who will stand up for Israel. Unfortunately, there are some in America who are weakening that commitment, and they support Patrick Murphy.

President Obama, who hasn't visited Israel once during his entire term in office, supports Patrick Murphy. An anti-Israel group that received funding from billionaire investor George Soros and whose co-founder met with Hamas also endorse him. Murphy's Super PAC even took \$100,000 from an alleged sponsor of terrorism against Israel.

We Can Trust Allen West **TO STAND UP FOR ISRAEL**

“There are real differences between my opponent and me when it comes to the defense of Israel. While my opponent is backed by groups that are opposed to the defense of Israel, I have worked in Congress to strengthen Israel’s and America’s security by standing against radical Islamists and Iran’s nuclear ambitions.”
